PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building and maintaining responsive, high-performance web applications. Proficient in HTML5, CSS3, JavaScript, and React.js — the exact stack required for this role. Experienced in translating UI/UX designs (Figma, Adobe XD) into clean, accessible code, collaborating with designers and backend teams, and optimizing for speed and cross-browser compatibility. Strong commitment to code quality, team knowledge sharing, and staying current with emerging web technologies.

CORE TECHNICAL SKILLS

Directly aligned with job requirements:

Languages & Markup

HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries

React.js, Redux, Context API, Bootstrap, Tailwind CSS, Framer Motion

APIs & Version Control

RESTful APIs, Git

Design & Collaboration

Figma, Adobe XD, Responsive Design, Cross-Browser Testing, Agile

PROFESSIONAL EXPERIENCE

Freelance Frontend Developer | Self-Employed

January 2025– Present

Saudi Tourism Platform — [laststopgroup.net](#)

- Designed and developed a fully responsive tourism web platform showcasing Saudi Arabia's cities and regions, built with React.js, Tailwind CSS, HTML5, and JavaScript.
- Implemented multilingual support for 5 languages (Arabic, English, French, German, Russian) — ensuring broad accessibility and international reach.
- Optimized UI for performance and seamless user experience across all devices and screen sizes, maintaining cross-browser compatibility throughout.
- Delivered clean, maintainable code with a focus on responsive design and smooth navigation across all tourism content sections.

Freelance Frontend Developer | Upwork

December 2024– January 2025

- Built complete user interfaces using HTML, CSS, JavaScript, and React for multiple international clients — demonstrating adaptability and end-to-end ownership.
- Ensured full responsiveness across desktop, tablet, and mobile screen sizes, applying cross-browser compatibility best practices.
- Developed interactive, dynamic applications using React, showcasing proficiency with modern JavaScript frameworks as required.
- Conducted thorough testing on Chrome, Firefox, and Safari to guarantee consistent user experience — directly addressing the 'cross-browser compatibility' requirement.

Frontend Developer | Coders

June 2023 – December 2024

- Developed and maintained responsive web applications using HTML5, CSS3, and JavaScript, ensuring seamless functionality across all major browsers (Chrome, Firefox, Safari).
- Collaborated directly with UI/UX designers to translate Figma and Adobe XD designs into pixel-perfect, user-friendly interfaces — fulfilling the core collaboration requirement of this role.
- Optimized images, code, and assets to boost load times and application performance, reducing front-end bottlenecks.
- Identified, debugged, and resolved front-end issues to ensure smooth and consistent functionality across devices.

FEATURED PROJECTS

ShopSizzle — E-Commerce Platform

- Responsive online shopping platform built with React, Tailwind CSS, and Framer Motion — demonstrates ability to deliver high-quality, engaging user interfaces at production scale.

Foodu — Restaurant Web Platform

- Full-stack-ready frontend for food ordering with React and Tailwind CSS — clean UI, menu exploration, and chef profiles delivered with performance in mind.

Cinema Hub — Movie & TV Web App

- Streaming discovery platform using React and SCSS — integrated rich content details and recommendations, highlighting RESTful API consumption and dynamic rendering skills.

EDUCATION

Bachelor of Computer Science | October 6 University, Egypt

Sept 2018 – Sept 2023

CERTIFICATIONS

Diploma in Front-End Development — Route Academy (June 2023)

- Built responsive, user-friendly web applications focusing on design and functionality using React.
- Collaborated with mentors on real-world projects — reinforcing team knowledge sharing and code review culture.
